Per 
DEPUTY CLERK

42 U.S.C. 1983

each and every person acted in individual and offical copasity, under color of state law to whitt violated my protacted constuted rights.

I Bryan Norris was driving from Catawissa to Shamokin on a date between march 15th to april 15th (on or about 2001). When I was pulled over by officer Defraigne. Officer Defraigne thought I was under the influence so he pulled me out and tried to administer a field sobriety test.

When I was unable to because of the cold weather, wind and lack of any winter clothes officer Defraigne turned me around and put me in hand cuffs, without explaining anything.

he ~~dro~~ put me in the back of the squad car and drove me to some Ksrad of 'a Civic Center.

When we got there he opened the Door and I asked what were we doing here.

Defrain only said to get out and fwalls inside. By this time two or three other police officers have gathered outside and in.

Officer Defrain then administered what I was told was a field sobriety test.

I was told I failed and was brought to the local Jail.

During the process of alleged field sobriety test I felt my life was in danger because of the improper information that was given to me and the gathering of cops for a field sobriety test.

Officer Defraime was later terminated for similar instances of improper conduct.

His superior knew or should have known ~~the~~ of the improper conduct of this officer. imposed on citizens.

I Bryan Norris am asking if I can proceed forma pauperis' as I am a indigent detainee I request relief in the amount \$250,000 in compensation.

in the improper infringement of my
Constitutional rights.

Sincerely

Bryan
Norris
